

How to Enable Cookies

Internet Explorer 7.x

1. Click **Tools** at the top of the browser window.
2. Select **Internet Options**.
3. Click the **Privacy** tab and click the **Advanced** button.
4. Ensure that "Override automatic cookie handling" is checked.
5. Set the First and Third party cookies to "Accept".
6. Check "Always allow session cookies".
7. Click **OK**.
8. Exit Internet Explorer and restart your browser.

Internet Explorer 6.x

1. Click **Tools** at the top of the browser window.
2. Select **Internet Options**.
3. Click the **Privacy** tab and click the **Advanced** button.
4. Ensure that "Override automatic cookie handling" is checked.
5. Set the First and Third party cookies to "Accept".
6. Check "Always allow session cookies".
7. Click **OK**.
8. Exit Internet Explorer and restart your browser.

Internet Explorer 5.x (Windows only)

1. Go to the **Tools** menu and select **Internet Options**.
2. Click the **Security** tab.
3. Click the **Custom Level** button.
4. Click the **Advanced** button.
5. Scroll down through the window to locate the "Cookie" section. Internet Explorer 5 contains two separate locations where cookies are changed:
 - o Allow Cookies that are stored on your computer.
 - o Allow per-session Cookies, not stored.
6. Allow your cookies at each location.
7. Click **OK**.
8. Exit Internet Explorer and restart your browser.

Internet Explorer 5.x (Macintosh only)

1. Click **Edit**.
2. Select **Preferences**.
3. Under the "Receiving Files" option, select **Cookies**.
4. Under "When receiving cookies:" select the desired level of cookie acceptance.
5. Click **OK** to finish.

Internet Explorer 4.x

1. Click **View** and select **Internet Options**.
2. Click the **Security** tab.
3. Click **Custom Level**.
4. Scroll down to "Cookies".
5. Select "Enable Cookies".
6. Click **OK** to exit.

AOL v9.0

1. Click the AOL **Settings** icon near the top of your AOL window.
2. In the "Essentials" section, click **Internet [Web] Options**.
3. On the right-hand side, click "Internet Explorer Settings".
4. Click the **Privacy** tab and click the **Advanced** button.
5. Ensure that "Override automatic cookie handling" is checked.
6. Set First and Third party cookies to "Accept".
7. Check "Always allow session cookies".
8. Click **OK**.
9. Click **Apply** and then click **OK** again.
10. Exit AOL and restart your computer (This step is important. Do not skip).

AOL v8.0

1. Click the AOL **Settings** icon near the top of your AOL window.
2. Select **Preferences** from the drop down that appears.
3. Click the **By Category** tab.

4. Click the **Security** tab.
5. Click the **Internet Zone**, and then click the **Custom** button on the bottom of the window. The "Security Settings" window will appear.
6. Scroll down until you see "Cookies" and click the "Enable for the Allow per-session cookies" option.
7. Click **OK** to exit.

AOL v4.0 (Windows only)

1. Click **Start Menu** from desktop.
2. Click **Settings**, then Control Panel.
3. Click the **Internet** icon.
4. Click the **Advanced** tab and scroll down to "Cookies" and click "Always accept cookies".
5. Click **Apply** and then **OK** to exit.

AOL v4.x (Macintosh Only)

1. Click **Members** or **My AOL**.
2. Click **Preferences**.
3. Click **WWW** or **Web**.
4. Click **Advanced** tab and scroll down to "Cookies".
5. Select "Enabled".
6. Click **OK** to exit.

AOL v3.x (Windows only)

1. Click **Members** or **My AOL**.
2. Click **Preferences**.
3. Click **WWW** or **Web**.
4. Click **Advanced** tab and scroll down to "Cookies".
5. Select "Enabled".
6. Click **OK** to exit.

AOL v3.x (Macintosh Only)

Cookies are NOT available through v3.x for Mac. AOL recommends upgrading to AOL 5.0. This is available to download at <http://free.aol.com/thenewaol/index.adp?>.

AOL Note: If the changes below do not work for you, please minimize the AOL Browser and open and use a *separate* browser like Internet Explorer.

Firefox

1. Select **Tools/Options...** from the main menu.
2. Select **Privacy** from the left panel of options.
3. Expand the "Cookies" options on the right.
4. Select "Enable Cookies".
5. Select "for the originating web site only."

Firefox 2.0 (Macintosh Only)

1. Select **Preferences > Privacy**.
2. Click the arrow next to "Cookies".
3. Select "Allow sites to set cookies".
4. Select "For originating sites only".
5. Click **OK**.

Safari

1. Choose **Preferences** from the Safari menu.
2. Click the **Security** icon.
3. Chose "Always" or "Only from sites you navigate to" in the "Accept Cookies" section.
